Morning Agenda

<p>Las Vegas MUG introductions and updates</p>	<p>Scott Schilling / Michael Nutt / Lourdes Salvat-Lee Steering Committee Group Leaders Event Host Spotlights</p>	<p>8:00 a.m. - 8:15 a.m.</p>
<p>Keynote Speaker Steve Richmond "How Technology is Evolving our Business" This session will highlight the benefits of employing a cloud solution for Enterprise Asset Management. Some of the key concepts to be covered include the pros of a cloud environment and different deployment possibilities. Cloud computing can provide flexibility, agile "concept to go-live" implementation, and lower capital outlay. There are also other benefits, such as economies of scale and the professional authority of the software provider. Cloud computing does not come without risk, so this discussion will also explore these potential factors to consider with respect to a cloud EAM solution.</p>	<p>Steve Richmond Steve is the Founder and CEO of Projotech Inc., a Tivoli Award-Winning IBM Business Partner. Born in Los Angeles, California, and raised in Cincinnati, Ohio, Steve was educated at the University of Cincinnati and embarked on a career in the mechanical contracting business. He founded Projotech in 1990, and today it is the top provider of IBM Maximo as a Service in the world. Steve is a published author and accomplished speaker. He is also an active member of the Forbes Technology Council.</p>	<p>8:15 a.m. - 9:00 a.m.</p>
<p>Salt Lake City Airport The New Salt Lake City International Airport Opening a new airport and implementing a greenfield EAM system concurrently</p>	<p>Randy Newcomb / Joseph Mahaz Salt Lake City Int. Airport & EDI</p>	<p>9:00 a.m. - 9:40 a.m.</p>
